

SEARCH:

As a user I want to search for specific organs so that I can be aware of the availability of that organ.

Confirmation/Acceptance:

- Users will be able to see the available organs.
- Users will be able to see the required details of the donor.
- Users will see a “No results Found” message if the search keyword does not match with any records of the database.

VOLUNTEER:

As a user I want to volunteer so that I can collect donation money for needy patients and help in other relevant works.

Confirmation/Acceptance:

- Users can see available volunteering activities.
- Users will be notified of volunteering activities near their location.
- Users can accept requests for volunteering activities.
